Student Profile

Personal Information

My name is **Ahmed Raza** and I am a student at CUI Wah Campus.

Roll Number: SP23-BCS-041

I am currently in my 5th semester studying Bachelor of Science in Computer Science.

Academic Information

I am enrolled in the *BS Computer Science* program.

My current GPA is **2.51** out of 4.0.

I am particularly interested in Full-stack Development and Database Systems.

I also enjoy Programming in Python and Java.

Skills

- HTML - Beginner level
- CSS - Beginner level
- Python - Intermediate level

Hobbies

Reading

Cricket

Department of Computer Science

The Department of Computer Science at COMSATS University Islamabad, Wah Campus offers comprehensive programs in computer science and related fields.

About the Department

The department was established to provide quality education in computer science and produce skilled professionals for the industry. We have **highly qualified faculty** and *state-of-the-art laboratories*.

Programs Offered

BS Computer Science

The **BS Computer Science** program is a 4-year undergraduate degree that covers fundamentals of computing, programming, algorithms, data structures, databases, and software engineering.

BS Software Engineering

The BS Software Engineering program focuses on the design and development of large-scale software systems. Students learn about software development lifecycle, testing, and project management.

Why Choose Us?

Our department provides:

Industry-relevant curriculum
Experienced faculty members
Modern computer labs
Internship opportunities
Research exposure

Useful Links

BS Computer Science Program Information

Campus Facilities

- Modern Computer Laboratories
- High-Speed Internet Access
- University Library
- Cafeteria and Food Court
- Sports Complex
- Wi-Fi Enabled Campus

How to Apply

1. Visit the COMSATS admissions portal online
2. Create an account with your personal details
3. Fill out the application form completely
4. Upload required documents (CNIC, transcripts, photos)
5. Pay the application fee via bank challan
6. Submit the application before the deadline
7. Wait for the merit list to be announced
8. Complete fee submission if selected

Web Development Terms

HTML (HyperText Markup Language)

The standard markup language for creating web pages and web applications.

CSS (Cascading Style Sheets)

A style sheet language used for describing the presentation of a document written in HTML.

JavaScript

A programming language that enables interactive web pages and is an essential part of web applications.

DOM (Document Object Model)

A programming interface for HTML documents that represents the page as a tree of objects.

API (Application Programming Interface)

A set of rules and protocols that allows different software applications to communicate with each other.

Course Catalog (Fall 2026)

HTML5 Features Demonstration

This page demonstrates various HTML5 features and their browser support.

1. Details and Summary

- ▶ Click to expand - What is HTML5?
 - ▶ Click to expand - What are the new features in HTML5?
-

2. Progress Bar

Course Completion Progress:

70% of the course has been completed.

3. Meter Element

Student GPA:

GPA: 3.5 out of 4.0

4. Time Element

Lab Session: September 22, 2026

Class Time: 9:00 AM

Submission Deadline: September 30, 2026 at 11:59 PM

5. Figure and Figcaption

 CUI Wah Campus main building
Figure 1: Main building of COMSATS University Wah Campus

6. Dialog Element

Click the button to open a dialog box:

7. Mark Element (Highlight)

This is some **highlighted text** using the HTML5 mark element.

8. Output Element

+ = 0

Browser Support Notes

- **details/summary** - Supported in all modern browsers
 - **progress** - Supported in all modern browsers
 - **meter** - Supported in all modern browsers (except IE)
 - **time** - Supported in all modern browsers

Student Dashboard

This page demonstrates block-level vs inline elements, and the use of div and span.

Block-Level Elements

Block-level elements take up the full width and start on a new line:

This is a div element. It is block-level, so it takes full width.

This is another div. It starts on a new line below the first one.

Student Profile (Using div for grouping)

Personal Details

Name: Ahmed Raza

Roll Number: SP23-BCS-041

Program: BS Computer Science

Status: Active

Current Courses

Core Data Structures and Algorithms Enrolled

Core Database Systems Enrolled

Elective Web Development Enrolled

Core Operating Systems Pending

Announcements

Midterm Exam: Scheduled for October 15-20, 2026

Holiday: October 23-24 (Eid Milad-un-Nabi)

Assignment: Web Development Lab 3 due September 30

Inline Elements

Inline elements only take up as much width as needed and do not start on a new line:

This is a paragraph containing inline span 1, inline span 2, and inline span 3. Notice how they all stay on the same line because span is an inline element.

More inline examples: **Bold text**, *Italic text*, Highlighted text, and small text are all inline elements.

Validation Test Results

Below are the results of testing different inputs:

Field	Test Case	Input	Result
Full Name	Empty field	(empty)	PASS - Browser shows "Please fill out this field"
Full Name	Too short	Ab	PASS - Browser shows "Please lengthen this text to 3 characters"
Email	Invalid format	notanemail	PASS - Browser shows "Please include an '@' in the email"
Phone	Wrong pattern	12345	PASS - Browser shows "Please match the requested format"
Phone	Valid input	03001234567	PASS - Accepted
Roll No	Wrong format	abc	PASS - Browser shows pattern mismatch
Semester	Out of range	10	PASS - Browser shows "Value must be less than or equal to 8"
Experience	Too short	Hello	PASS - Browser shows "Please lengthen this text to 20 characters"

Important Note

Client-side validation is NOT a security control!

It can be easily bypassed by disabling JavaScript or using developer tools. Always validate data on the server side as well.

            <h3>Frequently Asked Questions</h3>

            <details>
                <summary>What is the admission criteria?</summary>
                <p>For BS programs, candidates must have Intermediate (or equivalent) with
minimum 50% marks. Admission is based on merit calculated from academic records and entry
test.</p>
            </details>

            <details>
                <summary>Is there a scholarship available?</summary>
                <p>Yes, CUI offers merit-based and need-based scholarships. Top performers can
get up to 100% tuition waiver.</p>
            </details>

            <details>
                <summary>Can I transfer from another university?</summary>
                <p>Transfer admissions are available for students with good academic standing.
Credit transfer is subject to departmental approval.</p>
            </details>

```

```

        <details>
            <summary>What documents are required?</summary>
            <p>CNIC/B-Form, Matric certificates, Intermediate transcripts, Equivalence
certificate (if applicable), Character certificate, and passport-size photographs.</p>
        </details>

Academic Programs

CUI Wah Campus offers the following undergraduate and graduate programs.

Undergraduate Programs

BS Programs - Fall 2026

Program	Duration	Credit Hours	Eligibility
BS Computer Science	4 Years	130	Intermediate with Mathematics
BS Software Engineering	4 Years	136	Intermediate with Mathematics
BS Information Technology	4 Years	130	Intermediate with Mathematics
BS Management Sciences	4 Years	130	Intermediate (any group)

Graduate Programs

MS Programs

Program	Duration	Credit Hours	Eligibility
MS Computer Science	2 Years	30	BS in CS or related field
MS Software Engineering	2 Years	30	BS in SE/CS or related field

Semester-wise Course Plan (BS CS - 5th Semester)

Course Code	Course Title	Credit Hours
CS-301	Data Structures and Algorithms	3
CS-302	Database Systems	3
CS-303	Operating Systems	3
CS-304	Web Development	3
CS-305	OOP	3
CS-306	Discrete Mathematics	3
